

SRI Remote Schools

SRI Remote School

GOAL

To build schools in extremely remote areas of the Swat Valley, where formal education never existed before.

PROGRESS TO DATE

Two schools have been built, allowing boys to attend school instead of attending to cattle, and girls to get an education instead of being forced into early marriages. This program benefits 300 children per school.

SRI METHODOLOGY

- Land is provided by the village
- Labor is provided by the village and paid for by SRI
- Materials are provided by SRI including furniture and blackboards
- SRI partners with other organizations to fund teachers

REQUIRED TO COMPLETE PROGRAM

The number of schools built depends on continued donations from our supporters

COST PER SCHOOL \$6,000
